

APPLE WATCH BENEFIT GUIDE

AIA Vitality

Apple Watch Series 7 (GPS)

The largest, most advanced Always-on Retina display yet makes everything you do with your Apple Watch Series 7 bigger and better. It's the most durable Apple Watch ever built, with an even more crack-resistant front crystal. Advanced features let you measure your blood oxygen levels*, get heart health notifications and access mindfulness and sleep tracking apps. You can also reply to calls and messages from your wrist.

Your Apple Watch will track your workouts and activity to help you earn AIA Vitality Points.

Get Apple Watch. Get active. Get rewarded.

You can now choose to get an Apple Watch Series 7 (GPS) and use your rewards to earn your Apple Watch in full, by getting active and achieving your weekly Active Rewards target each week for 24 months.

How does the benefit work?

You'll need to enter into an agreement with our loan provider, etika and set up a direct debit for 24 months. You can reduce your monthly repayments by being active and achieving your weekly targets.

Targets met in a month	You earn	You pay
0 weekly targets	\$0	\$27*
1 weekly target	\$5	\$22
2 weekly targets	\$10	\$17
3 weekly targets	\$15	\$12
4 or 5 weekly targets	\$27*	\$0

*The last (24th) monthly payment will be billed at \$28. AIA Vitality will cover the full \$28 in the last month if all physical activity targets are met. You will be billed monthly, on the 17th of the following month.
